PRIVATE PARTIES & CORPORATE EVENTS

Our attention is on our corporate customer.

We know that if your group function is a smashing success...you're likely to return as our guest with your family... and your friends.

When it comes to private parties we deliver on a commitment made back in 1988...

"to provide the Private Event guest with the same food, service & ambience they would receive in our main dining room." This means food cooked to order & personalized table service from your waiter in a sophisticated dining room environment - not a banquet room.
